

Property Manager

Managing Property Through Technology

Let Property Manager organise and manage your property portfolio.

Our Property Management software is designed specifically for letting agents, landlords, estate agents, surveyors and organisations that manage properties.

Whether you manage ten properties or over 500, Property Manager will free up your time to focus on growing your business.

Manage any number of properties and property types, holding all your property details in one place.

Never miss a payment again. Let Property Manager organise your tenants, generate tenancy agreements, invoices, statements and other tenant correspondence as well as manage your tenant accounts.

Let Property Manager organise your finances giving you tight control of your income and expense.

Property Manager organises your maintenance activity across your entire property portfolio so you can ensure that you are always legally compliant.

Easily track your insurance policies so that you meet your insurance obligations and cover your risks.

Property Manager allows you to easily email invoices, statements and other standard letters. You may also use the SMS feature to send instant messages to your tenants and suppliers.

With our free desktop to desktop training, you can be sure to get the most out of Property Manager.

"Property Manager has totally transformed the way we manage our properties and tenants. We now have accurate costings by property and are much more up to date on arrears, etc.

Once setup, Property Manager saves hours of record keeping each week and allows us to manage our properties and tenants much more efficiently." E K Properties

Developed with the latest technology, Property Manager runs on all Microsoft is networkable and can be installed and running in minutes.

Give it a try - download the free trial, you will not be disappointed!
